

What happened to cause the Revolutionary War? Summarizing (Using a Comic Strip)

Directions: Although the events we've learned about is not what you would normally see in the comics, I would like you to use that format to summarize what happened.

- ✦ In your first box, please create a title to go along with a drawing to symbolize the whole strip.
- ✦ In the rest of the boxes, draw what happened, step-by-step.
- ✦ You should use 10-12 boxes in order to complete your summary. So please, plan well.
- ✦ Use a pencil to help you easily correct areas where you make mistakes, and make sure your strip is colorful.
